HIBERNIANS.

What They Have Been Doing
the Past Week—General
News Notes.

Division 1 meets Monday night. All are urged to attend, as some important reports will be read.

At a successful social given last week by Division 4 of Duluth a silver set was won by Joseph McCormick.

Jim Ross, of Division 4, has a pleasant announcement for the meeting next Wednesday. Come and hear it.

With pleasant weather the picnic to be given Monday, June 20, should be one of the biggest Hibernian events in years.

Joe Dougherty, Chairman of the Picnic Committee, is proving himself to be the right man in the right place. Keep it up, Joe!

Syracuse Hibernians met last Sunday and completed their programme for the reception of Right Rev. Bishop Ludden on his return from Rome.

Every member should see that his friends have tickets for the picnic at Phoenix Hill. Bring them there and the committee will do the rest.

Rev. Michael Dermody, of Flandreau, will attend the national convention, which meets at St. Louis during the World's Fair, as a delegate from South Dakota.

The annual May party of the Ladies' Auxiliary of Rochester, Minn., was held in Masonic Temple. There were seventy-five couples in attendance and every one had a jolly time.

Holyoke Hibernians will entertain the Massachusetts State convention at a ball in its honor on the evening of August 22, and the banquet to the visiting delegates will be held the following night.

The new Buffalo division organized in the Holy Family parish starts off with fifty members and the hearty approval of Rev. Father John Nash, who has evinced great interest in the organization.

On Sunday, June 12, the four divisions and the Ladies' Auxiliary of Savannah, Ga., will go to Charleston in a body on a special train, where they will be entertained by the Charleston division.

The meeting of Division 4 next Wednesday night will be an important one. Questions of interest will be discussed, and therefore President Hennessy wants the members present in large numbers.

An event which had been looked forward to with eager interest took place at West Quincy, Mass., where the degree staff of Division 18 of West Quincy worked the four degrees on some thirty candidates for Division 4.

Division 3 of Savannah last month was reorganized in Hibernian Hall. Sixty-five new members were present. It is the intention of the County Board to make the installation and initiation of Division 3 one of the most elaborate of its kind ever held in Georgia.

Vermont Hibernians are giving a three days' bazaar at Rutland, which closes to night. The Irish play, "Shamrock and Rose," was presented the opening night. Dancing was indulged in the second evening, and for the last night a musical programme will be the attraction.

Several of the divisions of Providence have sent letters of thanks to the Rev. Father J. C. Walsh, pastor of the Holy Name church, for his kindness in giving the use of his church for the members of the order to make their Easter duty and for having a special mass for the occasion.

Reading the Minneapolis Irish Standard, it is apparent that nowhere are the Hibernians making greater progress than in Minnesota. Large and successful meetings are reported in Minneapolis, St. Paul, Duluth, Rochester and other towns, where the divisions are steadily adding to their membership.

The Hibernians of San Jose, Cal., at a recent meeting held in Y. M. I. Hall, adopted resolutions expressing gratitude to Rev. Father Gleason, S. J., for his donation of a new national flag to the division. The resolutions were suitably printed. Beneath the title and above the text of the resolutions was a portrait of Father Gleason.

KINDNESS

To Dumb Animals Is Encouraged by Prominent Catholics.

Editor George T. Angell, of Dumb Animals, Answers an Inquiry.

First Legislation Against Cruelty Was Proposed by an Irish Catholic.

POPE LEO HELPED THE CAUSE

Our Dumb Animals is a publication issued in Boston by Mr. George T. Angell, its purpose being to create a healthy and universal public sentiment against cruelty to animals and to educate the young to be kind to dumb brutes.

Mr. Angell has done an immense amount of good in this cause all over the United States and other countries. He devotes his life to the work as earnestly as a Sister of Charity devotes her life to the care of the sick or the orphan.

It is worthy of note in this connection that the first legislation ever enacted against cruelty to animals was introduced in the British Parliament by an Irish Catholic member sent to the House from Ireland.

Mr. Angell, in the May number of Dumb Animals, in answer to the inquiry, "Do Catholics help you?" pays a high tribute to Catholics, dead and living, for the aid they have given him in this work.

"A merciful man is merciful to his dumb brute," and how could a good Catholic be otherwise than kind to all creation?

After relating many acts of kindness extended to him in his work by John Boyle O'Reilly, the poet, and Patrick Donahoe, Editor Angell says: "Among living Catholics we have long reckoned Archbishop Williams and our Boston Mayor, Patrick A. Collins, with some others, as among our good friends. At the great celebration of Archbishop Williams' eightieth birthday, when he was receiving the kind words of hundreds of priests and thousands of Catholic friends, we wrote him that we were glad he had lived so long and hoped he would live a good deal longer, and were surprised to receive from him a kind letter written with his own hand, which we have carefully preserved. To Pope Leo at Rome we sent our publications and plans, asking his aid in carrying our work into Catholic countries, and received a most kind and cheering reply.

But how do they aid you? Archbishop Williams ordered one of our first "Bands of Mercy" established in his Cathedral, and he with other Catholic clergy have been liberal contributors of gifts. In many ways the Archbishop has aided us. Through the influence of one Catholic lady \$5,000 was paid at one time to our Massachusetts Society for the Prevention of Cruelty to Animals. When we established the Illinois Humane Society (which cost us, by the way, about \$600 in money and about six months' time) no Protestant clergyman in Chicago rendered greater aid than the Catholic Bishop. The same might be said of the Catholic priest at Jacksonville, Fla., when we established the Florida Humane Society. When we addressed a union meeting of all the churches in Dover, N. H., in the City Hall the Catholic priest, Father Murphy (now a Monsignor), so filled the hall from his parish in advance of the time of meeting that it was estimated that about 1,500 Protestants could not get in.

If we had more space we might write more in answer to the question: "Do the Catholics aid you?" It is no small help that our Bands of Mercy are being formed in all the parochial schools of Massachusetts, and that the Catholic Archbishop of Mexico is taking active interest in that Catholic country to aid

the humane society recently formed there. Archbishop Williams is one of our Vice Presidents and Mayor Patrick A. Collins is one of our Directors.

MACKIN'S OUTING

Takes Up All the Time of Members Monday Night.

The Picnic Committee and members of Mackin Council have everything ready to entertain a large gathering at Fern Grove on Tuesday, June 14, and they feel that every visitor to their outing will be well satisfied with the feast of amusement events, the dance programme and other attractions arranged for this occasion. Tuesday night the council met in regular session, but the entire time was devoted to the picnic and outing, which promises to be the largest and most successful Mackin has yet given. The committee announced that the young lady friends of the organization had offered their services and would serve another of the dinners they have made famous. It was also stated that special care would be taken of children this year, in order to give parents better opportunity to enjoy themselves. Morbach's Union Band will furnish the music and all who go will have a fine time.

COLORS NUN'S MISSION.

Four colored nuns of the Oblates of Providence Society have gone to Old Providence Island in the Caribbean sea to take up missionary work among the natives. They will instruct the children in catechism and conduct a training school for the native girls in household economy. This is the second foreign mission of its kind that the colored nuns have embarked in.

PENSIONED.

Charles Obst, engineer of No. 14 and one of the veterans of the local fire department, was placed on the pension list Wednesday by the Firemen's Pension Board. For thirty-one years he has been a fire fighter, and no man in the department has a better record. Time and again he sustained serious injuries, which have had much to do with his retirement.

STRAWBERRY FESTIVAL.

St. Edward's congregation at Jefferson-town will give a strawberry festival and supper at Oechlin's orchard next Wednesday afternoon and evening from 2 o'clock to 11. Several vaudeville specialties have been engaged for the entertainment of the guests. The new Jefferson-town cars pass by the grounds.

SIGNIFICANT.

Archbishop Riordan, of San Francisco, called on President Roosevelt recently. Afterward, in talking about calls generally, the Archbishop said:

"A friend of mine in San Francisco called with his wife one afternoon at the house of an estimable lady. The lady's little daughter answered the bell, and my friend said to her:

"'Won't you please tell your mother that Mr. and Mrs. Smith are here?'"

"'Certainly,' said the little girl, and she departed. In a moment she returned.

"'Well, did you tell your mother?'" said my friend.

"'Yes,' the child answered.

"'What did your mother say?'"

"'Why,' said the little girl, 'she said, 'Oh, dear!'"

THE JUDGMENT OF ELDERS.

There is no self-conceit more offensive and more indicative of a weak nature than that which shows itself in flippant disregard of the judgments and thoughts of parents and older men concerning the graver questions of life. Young men know as well as the wisest preacher can teach them what things are noble, right and beautiful, but they do not know yet the forces of evil, the corruptions that are in the world, and the countless and insidious forms of temptation. It takes the experience of years to find out these things, and no youth, unless devoid of both reverence and modesty, will spurn the warnings and counsels which come to him from older lips on these matters.

Camphor will not stop the ravages of moths in carpets after the insects have commenced eating. Nor will they then pay any regard to the presence of cedar or tobacco. A good way in which to kill them is to take a course crash towel and wring it out of clean water, spread it smoothly on the carpet, and then iron it dry with a good hot iron, repeating the operation on all suspected places, and those least used. The process does not injure the pile or color of the carpet in the least, and it is not necessary to press hard, heat and steam being the agents, and they do the work effectually on worms and eggs.
